

4 CORNERS

## Introduction of Our Organization 4 Corners

Myanmar faces frequent natural disasters such as floods, storms, and earthquakes, which cause significant impacts to communities. To address these challenges, we established this free online platform and organization, called 4 corners, dedicated to building resilience and fostering a well-informed society. Our organization provides disaster-related information, organizes volunteer teams to support affected individuals, and help communities to prepare and recover. By educating the public and volunteers, we aim to create safer and more supportive communities during difficult times.

## Introduction of Our website

In Myanmar, natural disasters like floods, cyclones, and earthquakes often put communities at risk and in need of help. Our free online website is here to build a more resilient and connected society. We provide important information about disasters, organize volunteer teams to support people in need, and offer resources to help everyone stay well. Our goal is to teach people about staying safe and to bring together volunteers who want to make a difference. By working together, we can keep our communities safe and support each other during hard times.

4 CORNERS

## Our Aim

To heighten awareness about disasters, create a volunteer team to help people who are suffering from them. Some people can also be involved or volunteer on our team.

## Our Mission

Our mission is to build a well-informed community where everyone is aware of disasters and well-prepared to respond effectively. We also aim to recruit volunteers who are ready to assist people during disasters, making a positive impact on the community.
